# *To Our Customers and Friends*

*We are very happy to send you this list of fine nursery stock, which is some of the finest grown in the South. We know you will be well pleased with the stock you order from it.*

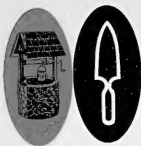

*We have had a wonderful growing season and, coupled with our past experiences, we have our best crop yet. Our lining out stock is very heavy with a heavier root system than we have ever had. The container grown stock is the highest quality we have seen anywhere. We invite you to visit the area and compare.*

*Just as we stated last year in our price list—prospects for the future are very bright for the progressive nurserymen. We have the lining out stock and we suggest that you order early. Prices will not be lower for a very long time, and very likely will be higher before the Spring selling season is over. By planting our lining out stock now you will be ready for the good years ahead. Our container grown stock is ready now and is ideal for Garden Centers and landscape use.*

*We hope you can visit us to see our operation—we are proud of it.*

## *Our Business Terms*

**PRICES.** All our prices are net and due by the 10th of the month following purchase. Packing charges are to be added and are based on actual cost. If cash accompanies order, we will absorb the packing cost ourselves.

**CHARGE ACCOUNTS.** From unknown persons who have not established credit with us we ask for well-known trade references and time for investigating.

**C.O.D. SHIPMENTS.** Must be accompanied by 25% deposit and will be considered as a cash order with packing free.

**SHIPMENTS.** Please specify by what method you want your order shipped. We will endeavor to send out all orders as near the date specified as possible, and will do everything in our power to insure satisfactory delivery to our customers, but our responsibility ceases upon delivery to carrier in good condition. Should your shipment be delayed or damaged in transit, please file claim with transportation company immediately.

If there is any mistake in your order, please let us know at once.

**ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.**

**THE BLACKWELL NURSERIES, INC.** warrants to the extent of the purchase price that nursery stock is true-to name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

# *Azaleas*

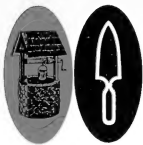

Azaleas have been one of our better crops for many years. We have produced some of the best quality growing-on stock in the country. However, our stock is very limited this year, due partly to advance sales and partly to selling too heavily last season. We regret this very much and hope you will bear with us for another year or so.

A little later we will get out a mimeograph sheet with all the Azaleas we can furnish listed. We will have Azaleas grown in 3 inch peat pots to offer for the first time. Also, we will be able to offer Belgian Indica Azaleas grown in 3 inch peat pots.

*Azaleas grown in 3 inch peat pots, 2 months after potting. They will make ideal growing-on stock for November thru January planting if you have a little room in your green-houses.*

## *Some of Our Facilities*

INSIDE ONE OF OUR PROPAGATING HOUSES

A PORTION OF OUR OUTDOOR HOTBEDS

# *Oriental Magnolias*

Our stock of these fine Magnolias is about the nicest we have ever seen anywhere. Our liners are especially nice and we recommend them very highly. We know we have the finest stock of large Budded *Soulangiana* ever grown. We initiated cutting back Magnolias here several years ago and have the heaviest, bushiest stock available. Let us take care of your needs. These Magnolias are hardy in nearly all parts of the United States, and make beautiful trees for Spring flowering.

All liners are shipped bare root and we recommend shipping the larger sizes in this manner when the distance is very great. They can be moved safely in this manner, and can be shipped where B&B would be almost prohibitive.

**ALL OUR ORIENTAL MAGNOLIAS SHOULD BE SHIPPED OUT BEFORE FEBRUARY FIRST.** They come into flower and growth buds soon after and would be harder to transplant. If you have some place like a bulb cellar where you can keep them above freezing, yet cold enough so they won't start new growth, you can hold them fine. 38 to 45 degrees is about perfect.

**MAGNOLIA SOULANGIANA, 12-18" LINING OUT STOCK**

# *Oriental Magnolias*

**MAGNOLIA ALEXANDRINA** Strong, upright grower. Large flowers, dark purplish pink outside, and white inside. A very nice Magnolia.

**MAGNOLIA RUSTICA RUBRA** Large flowers of dark reddish purple. Very fast grower and excellent variety. Later bloomer than Soulangeana.

**MAGNOLIA SOULANGEANA** Very hardy, fast growing, and one of the most sought-after plants for use all over the United States.

**MAGNOLIA SOULANGEANA NIGRA** Dark purple. A late bloomer and not quite so hardy as Soulangeana.

## PRICES OF ABOVE ORIENTAL MAGNOLIAS

	100	1000
8 to 12 Inches, 2 yr. liners .....	\$35.00	\$300.00
12 to 18 Inches, 2 yr. liners .....	40.00	350.00

# Container Grown Stock

Our container grown nursery stock is the very best quality produced in the South. We have given very careful attention to soil mixture, feeding, watering and general care. We are very proud of this container grown stock and justly so. We realize that our supply will not fill the demand, but we will endeavor to take care of as many customers as possible.

Container grown stock can be planted anytime during the year and we advise you to get your supply early. You have the advantage of a better selection, as well as being able to offer your customers their stock earlier. You profit by bringing people into your establishment first.

*All Are Grown in One Gallon Plantainers, and are Nice Heavy Stock.*

MINIMUM ORDER — 25 plants of one variety.  
250 plants or more of one variety take the 1000 rate.

## (CAMELLIA SASANQUA)

*For full truckloads we can arrange for very economical transportation. Available trucks can haul from 4200-4500 one gallon container grown plants—door to door delivery—at a very low cost.*

*All prices are subject to change without notice.*

# Lining Out Stock

When we established this nursery in 1938, we decided to specialize in lining out stock. We have done this and are known as the producer of the highest quality liners of anyone in this section. Whether it be Azaleas, Ilex, Magnolias, or any other nursery stock we grow, we produce the best. Repeat orders and more and more new accounts each year are our best testimonials. We are improving our quality and methods of production each season.

This year our lining out stock is the best we have ever grown, and the supply we have will not take care of the demand. We advise early ordering to assure your supply of these fine liners.

*250 or more of one size and variety take the thousand rate.*
